JOB WORK NEATLY EXECUTED

Vol. IX.

COALVILLE, SUMMIT COUNTY, UTAH, APRIL 4, 1902.

No. 13.

LETTERS FROM CORRESPONDENTS.

Around the County in Seven Days.

The Happenings of the Past Week Told in Detail by Efficient Correspondents.

KAMAS.

KAMAS, UTAH, April 2, 1902.

EDITOR TIMES:

A great many of our people will attend conference.

Another storm brewing here; whether it will be rain, snow or a little we can't say.

Mr. Butler, the forest reserve agent, is back again after a two weeks' visit to his home in the east.

Leonard Johnson's baby is quite sick again. The same child was very sick with pneumonia about two months ago.

The people at Francis had a concert at their ward house last Friday evening for the benefit of the rocks house.

The program consisted of songs and recitations, while some of the aged brethren spoke on the experiences of the early settlers of Utah. The hats were passed around and two dollars were collected for the purpose mentioned above. They will have a theatre this evening for the same purpose.

MARION.

MARION, UTAH, April 2, 1902.

EDITOR TIMES:

L. C. Lorenson is very ill at this writing. Quite a number from here went down to attend conference.

Nathan Vernon left for Salt Lake on Sunday when he intended to remain here.

Rev. Woolfenden is still in the hospital after suffering for several days with rheumatism.

J. K. Jensen, Jr., returned home from Cheyenne, Utah, on March 23, where he has spent the winter teaching.

We would like the readers of The Times to understand that your correspondence did not write the item on the Marion school which was published some time ago in the Marion news. The item was handed to us by a patron who wanted it published.

Daniel Lewis, Jr., and Joseph Hoyt who went to Iowa to assist Mr. Hooper with his shipment of cattle, returned home last Friday. While there they spent a few days with Mrs. Sarah Delaney of Delham, who formerly lived there. They report having had a fine time on their trip.

Lee Lemmon met with quite a painful accident while riding a horse the other night. He started the horse on a gallop and it ran until it came to a gate leading to the feed place. Then it stopped and the boy fell off, striking on his left hand and arm so hard that it broke one bone in his arm just above the wrist.

OAKLEY.

OAKLEY, UTAH, April 1, 1902.

EDITOR TIMES:

The Relief Society of Oakley decided to hold a grandy bazaar. They called for volunteers for work and donations; the call was readily responded to and the grandy bazaar today is a success. Oakley can do when it makes an effort.

The ladies of the Relief Society of Oakley are holding a grandy bazaar today. The work was completed and they gave Thursday night, March 27th, at the home of Mrs. Christian Jensen. An elegant supper was served at 7.30 and after it was over the evening was spent in singing, playing and dancing. There were seventy-six present and young and old seemed to enjoy themselves to the fullest extent.

TO CURE A COLD IN ONE DAY Take Laxative Bromo-Quinine Tablets. All druggists refund the money if it fails to cure. E. W. G. Co.'s signature is on each box 25c.

ROYAL BAKING POWDER

ABSOLUTELY PURE
Makes the food more delicious and wholesome

FOOD.

FOOD, UTAH, April 2, 1902.

EDITOR TIMES:

Cold, rain and misery this morning. The "three graces" did themselves proud.

The blizzard was very much in evidence last night.

We were welcomed this time—they wanted the money!

Several of our citizens go to Salt Lake City tomorrow to attend conference.

The child of John Millner, which has been sick and was thought to be getting better, died on March 27th.

Robert E. Maxwell of Cowley, Highgate Co., Wyoming, has been visiting with relatives and friends here during the past week.

The long looked for dance came off on Tuesday evening and was well attended by both young and old. The Relief Society furnished the supper and they cleared over twenty dollars on that alone.

B. R. E. VAN.

WYOMING, UTAH, April 2, 1902.

EDITOR TIMES:

Some of the farmers here are plowing. Robert Young has just returned from a business trip to Idaho.

Mark Elliott has gone to St. Pauline to work and expects to be gone all summer.

Mr. Taylor of the Relief Society of Salt Lake City is here on a visit.

Miss Hattie Elliott came down from Park City on the 2nd suffering with colic.

The district school closes on the 4th and the teacher, Mr. Reed, will take a trip to Montana.

Quite a number of our people took advantage of the cheap rates and have gone to Salt Lake, some to attend conference and others on business.

The respect from Mrs. Charlotte Bates is over fifty now-a-days. When you see a carpet going to women's it is safe to say that house cleaning is not far off.

A new section foreman has been sent here to take the place of Mr. Johnson, who thinks he will try pitching for awhile in some other part of the country.

A pleasant surprise was given up on Miss Minnie Young last Friday night, it being her birthday. An admirable evening was spent and all wished the young lady many happy returns of the day.

WATSON.

WATSON, UTAH, April 1, 1902.

EDITOR TIMES:

The past week has been a very odd and backward one.

W. T. Hall shot a wolf from a few days ago that tipped the scales at eighty pounds.

The improvements being made on the railroad are progressing nicely; there are now two men and crews engaged in the work.

Thomas Hall took with him to Coalville on Monday thirteen boxes of goods to obtain the bounty on the same, the reward of his sheep's trapping.

Operator E. E. Smith leaves the Orytha Rock office this week to accept a situation as train dispatcher on the S. L. & N. P. at Pueblo, Idaho. Operator S. W. Brown replaces him.

Ben Day, who has been section foreman for the past year on the lower section at Orytha Rock, was discharged from the employ of the railroad company and moved away from here with his family last week.

We can do your job work.

RESERVE.

RESERVE, UTAH, April 2, 1902.

EDITOR TIMES:

Water Wilson had a fine ride the day of the week.

A car of fire clay was loaded here this week by James Stone of Kato.

Quite a number of our citizens have gone to conference and to attend the wool growers and cattle conventions.

A very pleasant surprise was given A. E. Anderson, principal of our school, by the pupils of the eight grade last evening. An enjoyable time was spent till midnight. The girls furnished cake and the boys candy.

Mr. and Mrs. George Bond and the Misses Ida Harris and Ella Wilson attended the farwell dance of George Gibby at Morgan on the 28th of March. Mr. Gibby starts on a mission to England in the near future.

The people here are in mourning on account of the news received late last night that Miss Nora Stevens, one of Hender's most promising young ladies, has just died at Porterville, Morgan county, at the home of her sister, Mrs. James Kipper.

The young lady was taken sick about two weeks ago with a grippe, which developed into pneumonia. Then spinal meningitis set in and turned to paralysis, causing her death. Until two weeks ago, the young lady, who was about 19 years of age, was the picture of health. The people here all sympathize with Mrs. Stevens in their grief.

Miss Stevens was a sister of Mrs. John Packard Stevens, who is now on a mission in South Australia.

Good for Rheumatism.

Last fall I was taken with a very severe attack of muscular rheumatism which caused me great pain and suffering. After trying several prescriptions and remedies I failed to see Charles H. Harris, who I had seen advertised in the Salt Lake Tribune. After a few applications of this remedy I was much better, and after using one bottle, was completely cured. Sallie Harris, Salt Lake City, for sale by John Boyden & Son, Druggists.

We Give It Up.

HORTON, UTAH, April 2, 1902.

EDITOR TIMES:

An article appeared in the local edition of your last issue from a visitor to Rockport, complaining of bad roads, mud, etc., and comparing a visit of the "winters" to such afflictions. Now if that of the "winters" is an affliction to the good people of Rockport, what would you call a visit of a bachelor attorney? A plague? Citizens.

A Neatly Fitted Runaway.

Started a horrible sleep on the legal J. B. Orrer, Franklin Grove, Ill., which defied doctors and all remedies for four years. Then Buckler's Ayer's Balm cured him. Just as good for Bala, Burns, Bruises, Cuts, Corns, chills, skin eruptions and Piles. See at Boyden's drug store.

Teach Young to Hunt.

It looks funny to me a full feathered and full grown bird hanging around its parents and letting them provide all its food, but it is not a bit funnier than to see a big slump of a boy smoking, staggering and getting there some day, provided by the will of his father, for a young woman who has her mother do the family washing, while she plays on the piano or works a rag-doll daily. The time soon comes when the old birds make the young ones hunt for their food or starve and the same policy could be well employed by many a father and mother.

Stops the Cough and Works off the Cold.

Laxative Bromo-Quinine Tablets cure a cold in one day. No Cure, No Pay. Price 25 cents.

Power to the People.

A pleasant society is of untold value. The Coalville (Utah) was (in)spiration to many who came in contact with it. A personality is capital.

Very few of us ever come to your home, or see your work and bonds and leads to interest in our community.

What a wonderful world it is packed in some of our personal personality we meet our friends.

How the character of a man is shown in the way he meets his friends. How poor and the world is a man who gives his friends a bad time.

What a wonderful world it is packed in some of our personal personality we meet our friends.

Dividend Declared.

The stockholders of the Summit County Bank held a meeting Monday night for the purpose of electing new officers and transacting other business. The following were elected: Board of directors: F. H. Wright, J. W. Lee, Joseph Williams, John G. and Joseph H. H.

The first stock dividend was declared, amounting to \$1.37 1/2 per share, the total amount being \$70. The treasury has been running a little over two years and in that time it has paid off \$750 of the indebtedness. Considering the patronage which has been given the treasury we think this is a very good showing, and is certainly encouraging to the owners. It must be remembered that the treasury has only been worked to about one-third of its capacity, and if the farmers would take hold and give the institution the power kind of support, it would make quite a difference in this part of the county.

New Quack For Piles.

Dr. Boyden's Piles produce no more and cause itching, this is as well as being, itching and itching. Piles are cured by Dr. Boyden's Piles. Buy it at Dr. Boyden's, or send by mail. Treatise free write me about your case. Dr. Boyden's Piles. For sale by John Boyden & Son.

An Old Old Story.

As lately died, so soon forgotten. The way of the world. We flourish for a while. Men take us by the hand and about the health of our bodies and laugh at our jokes, and we really think, like the fly on the wheel that we have some things to do with the turning of it. Some day we do not are buried. The sun does not stop for our funeral, everything goes on as usual, as if we were never there.

WISER OR OTHERWISE.

A long face is a poor investment. Hate to get rich keeps many a man poor.

Gratitude cannot supply the place of virtue.

A man seldom says what people expect him to say.

It is not worth while to think unless you are willing to act.

People who have the least to say invariably talk the most.

Happiness is always where we find it, but seldom where we seek it.

Handling, handling men were half their energy in sticking up their noses.

Fortune sometimes leaves a man for the purpose of destroying him.

A handful of common sense is worth a load of book knowledge.

A very young man is apt to lose his heart and his head simultaneously.

Habits are like ponies, pleasant to acquire, but hard to get rid of.

Unless you forget that you are trying to go to sleep you will not succeed.

Nothing is better than a good, honest and nothing is worse than a bad one.

Notice for Publication.

No. 551.
Department of the Interior,
Land Office at Salt Lake City, Utah,
March 10, 1902.

Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that proof will be made before the County Clerk of Summit County, Utah, at Coalville, Utah, on Saturday, April 19, 1902, viz: Arthur Perkins, H. R. 12107, dated April 8, 1902, for the South West Quarter of Section 20, in Township 2, North of Range 4 East, Salt Lake Meridian.

He claims the following witnesses to prove his continuous residence upon and cultivation of said land, viz: Nephi Fife, George Foster, James Fowler, and William Biehler, all of Headier, Summit county, Utah.

FRANK D. HUNTER, Register.

C. A. Callie, attorney.

VALUABLE REMEDIES.

It is not always convenient for every little accident, such as a cut or a burn, to call in the doctor, and it is sometimes the height of this very thing that the household is kept in mourning.

It seems that, I think, indeed, it is a fact, that a cut in the palm of the hand or a burn on the face of the face, if not treated at once, will soon likely produce lockjaw.

It seems that, I think, indeed, it is a fact, that a cut in the palm of the hand or a burn on the face of the face, if not treated at once, will soon likely produce lockjaw.
